Hypnos - the God of Sleep

"Our guests rave about their sleep, their comfort and their beds – they are very impressed to know that the beds are 'Royally approved'."

St. James's Hotel and Club, London

Sustainable and Carbon Neutral

Sustainable design is at the heart of our philosophy. We only use environmentally-friendly, sustainable and recyclable materials of the highest quality. Indeed, we no longer use foam or memory foam, and have replaced these materials with eOlus™ fibre, a new and exciting sustainable material made from recycled polymer-based bottles which allows air to pass easily through it, creating a cooler, breathable sleeping surface.

Hypnos is the first UK bed manufacturer to become carbon neutral, complying with the BS PAS 2060 Carbon Neutrality Standard. Our UK facilities are FSC® certified plus have passed the Sedex ethical trading audit.

Our unique bed disposal service deconstructs beds and creates recycled raw materials for re-use in other industries.

“Whilst The Royal Warrant reinforces Hypnos’ reputation for the best of British quality, it is the integral HealthGuard bed bug protection built into the surface of the mattresses that provides real peace of mind.”

Sleep Soundly

When you need to create a truly memorable night's sleep for your guests, you need a bed partner and a brand that you can count on, time and time again.

Hynnos is the only bed manufacturer to win the National Bed Federation's "Bed Manufacturer of the Year" award twice, in 2011/2012 and in 2014/2015, plus for the fifth year running, a Hynnos customer has won the 'Comfiest Bed' award in the Best Kept Secret Awards by LateRooms.com.

Our beds come with an unrivalled 5 year guarantee. This long lasting quality is reinforced by compliance with BS 7177 : Ignition Source 5 (Crib 5) Fire Retardancy tests, which are amongst the strictest tests in the world. Our mattresses are also protected with HealthGuard™, an anti-bacterial, anti-microbial and anti bed bug treatment. Hynnos also makes beds that are Wheelmark approved and meet the International Maritime Organisation safety regulations for the Cruise and Yachting market.

"It is a supremely comfortable bed that is at the heart of a truly memorable night's sleep."
